2. The Chair will open the public hearing by first asking the project applicant/agent to present any points necessary for the Commission, as well as the public, to fully understand the proposal.

RULES FOR PRESENTING TESTIMONY

Planning Commission hearings often involve highly emotional issues. It is important that all participants conduct themselves with courtesy, dignity and respect. All persons who wish to present testimony must observe the following rules:

1. When you come to the podium, first identify yourself and give your place of residence. Commission meetings are tape recorded and this information is required for the record.

2. Address your testimony to the Chair. Conversation or debate between a speaker at the podium and a member of the audience or staff is not permitted.

3. Keep your testimony brief and to the point. Talk about the proposal and not about individuals involved. On occasion, the Chair may be required to place time limits on testimony; in those cases proposal description/clarification will be limited to 12 – 15 minutes, individual testimony to 3 minutes, and speakers representing organized groups to 5 minutes. Focus testimony on the most important parts of the proposal; do not repeat points made by others. And, please, no applauding during testimony.

4. Written testimony is acceptable. However, letters are most effective when presented at least a week in advance of the hearing. Mail should be directed to the Community Development Department, to the attention of the Community Development Director.
