

Sunbuggies Fun Rentals – Locations and Daily Operations

The daily operations for Sunbuggies Fun Rentals involves coordination between 3 separate locations.

Location #1 - 328 Pier Avenue, Oceano is the rental office where business with the public is conducted.

Location #2 - 54 Saratoga Avenue, Grover Beach is where the recreational vehicles are stored and maintained. This location is not open to the public.

Location #3 – Near “Pole 2” on Oceano Beach is a state beach lease area where the Sunbuggies truck is stationed and the recreational vehicles to be rented are staged for use. (The terms of the lease prohibit operations on the beach after dusk or before dawn.)

After checking in, signing a waiver and watching a safety video at Location #1, a Sunbuggies shuttle takes renters from Location #1 to Location #3. The Sunbuggies shuttle is stored at Location #3 overnight.

Each morning one or more Sunbuggies rental trailers, containing accessories for the recreational vehicles (helmets, boots, goggles, etc.), is taken from Location #2 to Location #3. At the end of each day, the Sunbuggies rental trailer is taken back to Location #2 to be stored overnight.

Each morning a Sunbuggies trailer, loaded with recreational vehicles, is transported from Location #2 to Location #3. Throughout each day, additional Sunbuggies trailer(s) with recreational vehicles are transported between Location #2 and Location #3, based on rental requests made at Location #1 and Location #3. The trailers and recreational vehicles are stored at Location #2 overnight.

Employees are onsite at Location #2 when the Sunbuggies truck and one or more recreational vehicle trailers are offsite at Location #3 for the day. Thus Location #2 is able to provide the required employee parking during the day and use the same area for overnight storage of the Sunbuggies truck and trailers.
