PUBLIC HEARINGS

6. **Development Application 17-21: Request to Amend Use Permit and Commercial Cannabis Permit to Allow Adult Cannabis Use (Recreational Use).**
Applicant: 805 Beach Breaks, Inc; **Location:** 1053 Highland Way.

Mayor Shoals read the title to the foregoing item and deferred to staff for a report. At this time City Attorney Hale recommended that the City Council continue this matter to a future Council meeting to address the challenge from Wendy Cronin referred to hereafter. Due to the presence of members of the public who might be interested in speaking on this matter, the Council approved a brief recess of the meeting in order to provide staff the opportunity to discuss and receive clarification from the alleged owners of 805 Beach Breaks regarding a potential threat of litigation against the City.

Recess: Upon consensus of the City Council, the meeting recessed at 6:19 p.m.
Reconvene: At 6:31 p.m., the meeting reconvened with all Council Members present.

For clarification, City Attorney Hale stated that the City had received correspondence earlier that afternoon from Wendy Cronin, claiming ownership interest in 805 Beach Breaks and objecting to the application scheduled for consideration this evening. He noted City staff also received correspondence from representatives of 805 Beach Breaks, stating Ms. Cronin was not an owner. During the meeting recess, staff met with the owners of 805 Beach Break and received confirmation they were not threatening the City with litigation, and confirmed the owners had signed an indemnity agreement with the City that in the event Ms. Cronin chose to proceed with filing a lawsuit against the City, 805 Beach Breaks would indemnify and defend the City. It is noted that Ms. Cronin did not speak at the hearing for this matter and was not present to raise concerns. City Attorney Hale therefore opined the Council could either proceed with the Public Hearing as scheduled or continue the Public Hearing.

With staff responding to questions from the Council, brief discussion was held on whether to proceed with the Public Hearing on Development Application 17-21 as scheduled.

Mayor Shoals read the title to the foregoing item, declared the Public Hearing open, and deferred to staff for a report. Referencing a PowerPoint presentation, Senior Planner Castillo provided an overview of the application to amend an existing Use Permit and Commercial Cannabis Permit to allow for both adult and medical commercial cannabis uses for retail, manufacturing, and distribution uses. Additionally, the applicant was requesting the ability to expand their manufacturing activities to include the potential use of volatile compounds (e.g., butane, ethanol, etc.). Staff responded to questions from the Council.

Discussion was held regarding volatile versus non-volatile compounds, fire and life safety requirements, the Council's involvement with regard to reviewing applications, and further clarification on the subject project site and the building proposed for use by the applicant.

Mayor Shoals invited comments from those in the audience who wished to be heard on this matter.

Brian Touey, applicant, responded to questions from the Council.

No further public comments were received at this time and the Mayor closed the Public Hearing.

Brief discussion was held on the status of the City's fire and life safety requirements being further refined in coordination with an outside consultant and County Environmental Health.

Council Member Shah objected to approving an application that would allow the use of volatile compounds without first having reviewed the City's updated fire and life safety regulations.

Council Member Peterson expressed similar concerns and commented that she still had unanswered questions.

Action: Upon motion by Mayor Pro Tem Lee, seconded by Council Member Nicolls, the Council: 1) adopted Resolution No. 18-65 amending Development Application 17-21 to allow both commercial medical cannabis and adult use cannabis within an existing retail, manufacturing, and distribution facility located at 1053 Highland Way; and 2) adopted Resolution No. 18-66 amending the Commercial Cannabis Permit for 805 Beach Breaks, Inc. The motion carried on the following roll call vote:

**7. Development Application 17-25: Request to Amend Use Permit and Commercial Cannabis Permit to Allow Adult Cannabis Use (Recreational Use).
Applicant: DDM Venture Group, LLC; Location: 998 Huston Street.**

Mayor Shoals read the title to the foregoing item, declared the Public Hearing open, and deferred to staff for a report. Referencing a PowerPoint presentation, Senior Planner Castillo provided an overview of the application to amend an existing Use Permit and Commercial Cannabis Permit to allow for both adult and medical commercial cannabis uses for retail, manufacturing, and distribution uses. Additionally, the applicant was requesting

the ability to expand their manufacturing activities to include the potential use of volatile compounds (e.g., butane, ethanol, etc.) and have more flexibility in space planning with the ability to either manufacture or cultivate on-site. He then responded to questions from the Council.

Typographical errors were noted in the draft resolution as follows (deleted text indicated with ~~strikeout~~ font, added text indicated with double underline font):

- square footage referenced on page 1 of the draft resolutions was corrected to indicate "18,159" square feet rather than "~~2,282~~ square feet"; and
- eliminate the term "medical" on page 3 of the draft resolution in the last paragraph of the Findings in Section 2 to read, "...indicates the proposed commercial ~~medical~~ cannabis uses will constitute a hazard...".

Mayor Shoals invited comments from those in the audience who wished to be heard on this matter.

Ali Cooper, representing the applicant, spoke in support of the recommended action in the staff report and praised his experience working with City staff regarding this application.

Craig Smith, architect, representing the applicant, noted a typographical correction needed in the draft resolutions to revise the spelling of the applicant's name from "~~DMM~~ Venture Group, LLC" to "DMM Venture Group, LCC" (deleted text indicated with ~~strikeout~~ font, added text indicated with double underline font). He also praised his experience working with City staff on this project.

No further public comments were received at this time and the Mayor closed the Public Hearing.

Brief discussion was held regarding permits that require a Public Hearing, as well as volatile compounds and processes that may legally occur in the manufacturing process pursuant to fire and building codes.

Council Member Shah objected to approving the permit without fully understanding the fire and life safety parameters that would be required of the applicant.

Council Member Peterson commented that she had insufficient data in order to make a determination on the applicant's request at this time.

Action: The City Council amended both draft resolutions to correct the spelling of applicant's name to "DMM Venture Group, LLC"; correct the total building square footage amount to indicate "18,159 square feet"; and in the draft resolution for a Use Permit to remove the term "medical" in the second paragraph of page 3 so that the last sentence in that paragraph would read as follows: "There is no evidence in the public record that indicates the proposed commercial cannabis uses will constitute a hazard to the public interest, health, safety, or welfare". Upon motion by Mayor Pro Tem Lee, seconded by Council Member Nicolls, the City Council: 1) adopted Resolution No, 18-67, as amended, amending Development Application 17-25, to allow both commercial medical cannabis and adult use cannabis within an existing retail, manufacturing, cultivation, and distribution facility located at 998 Huston Street; and 2) adopted Resolution No. 18-68, as amended, amending the Commercial Cannabis Permit for DMM Venture Group, Inc. Additionally, the applicant was requesting the ability to expand manufacturing activities to include the potential use of volatile compounds (e.g., butane, ethanol, etc.).

Mayor Shoals invited comments from those in the audience who wished to be heard on this matter.

Sunni Vogel Mullinax, applicant, responded to questions from the Council regarding plans to use volatile compounds and provided an update on progress towards opening the business.

No further public comments were received and the Mayor closed the Public Hearing.

Council Member Shah stated she had the same objections she'd mentioned earlier regarding the other commercial cannabis permits considered this evening.

Council Member Peterson expressed concerns with taking action on the application at this time, noting that she would have preferred the Council delay taking action on this matter for at least one to two months.
