

Get involved in the City's districting process!

Join the City of Grover Beach on Monday, June 28, 2021 at 6:00 p.m. for the first City Council districting public hearing!

Learn more about how you can be part of the effort and help shape how Council Members are selected in the future in Grover Beach. Residents can participate by calling 805-321-6639.

What is districting?

Districting for cities is the process where voting district lines for City Councils are drawn and later redrawn every 10 years based on Census data. This ensures that each Council Member represents about the same number of constituents.

How the districts are drawn helps determine how effectively a community is represented on the City Council and other legislative bodies.

Submit public comments, including suggested draft maps, by emailing: districting@groverbeach.org.
