Subject: STR

Hi Bruce

I just recieved the email about possible inactive STR. We have been avoiding renting due to CoVid-19. Once things are nominal we would like to get it going. We have continued to pay all the requirements so we would like to maintain our license.

Sincerely,
Terry and Kathy Beaschler

Subject: Agenda Item 8 Short term Rental

Hi,

Thank you for the email notice of this meeting.

We have a question/comment in regards to the timing of the renewal of the short term rental permit and the renewal of the business license.

The short term rental permit has to be renewed in June (effective July) but the business license renews in December (effective January). If the permit renewal were changed to December, it would be less confusing to the permit holders. Please consider this.

Also are there any plans to open the offer to more none resident owners in the future?

Margie and Harold Reisz
