STREET SWEEPING ROUTE—BID OPTION #3

STREET SWEEPING SERVICES
Benefits vs. Disadvantages of Proposed Options

Option	Streets (occurrence per month)	Benefits	Disadvantages	Estimated Annual Cost
Base	West Grand Avenue (8) 4th Street (4) 13th Street (4) Oak Park Boulevard (4) Atlantic City Avenue (4) Longbranch Avenue (4) Mentone Avenue (4) All remaining streets (2)	<ul style="list-style-type: none"> • Proven effective • All streets cleaned regularly • Less dirt and debris on streets • Fewer complaints 	<ul style="list-style-type: none"> • Most expensive option • Due to condition of residential streets, somewhat ineffective • Dust complaints in neighborhoods 	\$60,000
#1	West Grand Avenue (8) 4th Street (4) 8th Street (4) 13th Street (4) Oak Park Boulevard (4) Atlantic City Avenue (4) Newport Avenue (4) Longbranch Avenue (4) Mentone Avenue (4) Farroll Road (4) The Pike (4) All remaining streets (1)	<ul style="list-style-type: none"> • Focused on main roadways • Improved service level on four collectors • Less expensive than Base Option 	<ul style="list-style-type: none"> • Second most expensive Option • Reduced service on residential streets • More dirt and debris will be visible on residential streets • Could result in complaints 	\$50,000
#1A	Same as Option #1 EXCEPT: Reduces remaining streets to 4x / year	<ul style="list-style-type: none"> • Focused on main roadways • Improved service level on four collectors • Less expensive than Base and #1 Option 	<ul style="list-style-type: none"> • Greatest reduction in service on residential streets • More dirt and debris will be visible on residential streets • Will most likely generate complaints 	\$42,000
#2	West Grand Avenue (8) 4th Street (4) 13th Street (4) Oak Park Boulevard (4) Atlantic City Avenue (4) Farroll Road (4) All remaining streets (1)	<ul style="list-style-type: none"> • Similar to Base Bid except trades Farroll Road for Longbranch and Mentone Avenues • Less expensive than Base Option • About the same cost as Option #1 but less focused on main roadways and further reductions in residential service 	<ul style="list-style-type: none"> • Reduced service on residential streets • More dirt and debris will be visible on residential streets • Could result in complaints 	\$43,500
#2A	Same as Option #2 EXCEPT: Reduces remaining streets to 4x / year	<ul style="list-style-type: none"> • Inexpensive option • Less expensive than Base, #1, #1A and #2 Options • About the same level of service as last year but addresses sweeper effectiveness on deteriorated residential streets 	<ul style="list-style-type: none"> • Greatest reduction in service on residential streets • More dirt and debris will be visible on residential streets • Will most likely generate complaints 	\$34,000
#3	West Grand Avenue (4) 4th Street (2) 13th Street (2) Oak Park Boulevard (2) Atlantic City Avenue (2) Farroll Road (2) All remaining streets (4x / yr)	<ul style="list-style-type: none"> • Least expensive option • Estimated to save approximately \$38,000 compared to Base Option 	<ul style="list-style-type: none"> • Greatest reduction in service • Service on major streets reduced in half compared to Base Option • Greatest reduction in service on residential streets • More dirt and debris will be visible on residential streets and major streets • Will most likely generate complaints 	\$22,000
