Subject: City of Grover Beach 2015 Urban Water Management Plan Update

Dear Mr. Horton:

The City of Grover Beach (City) is in the process of preparing its 2015 Urban Water Management Plan Update (UWMP) as required by the Urban Water Management Planning Act (Act). The UWMP is a long-range planning document that focuses on current and projected water supplies and demand, as well as water supply reliability, water shortage contingency planning, and water use efficiency.

The Act requires the City to notify cities and counties within its service area that it is preparing its 2015 UWMP 60 days prior to holding a public hearing, thereby encouraging public involvement and agency coordination. This letter serves as your official notice of our preparation and intent to adopt the UWMP. The City Council intends to hold a public hearing and consider adoption of the UWMP at a City Council meeting in August 2017. Two weeks prior to the meeting, a draft of the UWMP will be available for review on the City's website and at the City Hall offices located at 154 S 8th St, Grover Beach, CA 93433 between the hours of 8:00 a.m. and 5:00 p.m. The specific meeting time and date will also be noticed two weeks prior to the meeting. The meeting will be held at the City Hall.
